

Photography Now and Forever

Yuki Kimura, Zoe Leonard, Josephine Pryde

27.06 - 03.08

Opening reception: 27.06 at 19:00

"What is photography? Is it a print or an object, is it a jpeg on your screen or does it only exist if you print it out? Is it a snapshot on your phone, a slide projection, or the image you see in your mind before you click the shutter? In short, is photography a thing, or a picture, or is it a way of seeing?"
